Subject: set up time to talk about high flow sampling
Date: 02/08/2006 01:37 PM

Laura, Carl, Eric, Keith,

At the Portland Harbor Manager's meeting today, it was suggested that an LWG/Agency team get together to talk about what a surface water sampling plan would look like for a high flow event.

Eric suggested that this Friday would be a good time for a discussion. This email is intended to just get the ball rolling on finding a time for this discussion/call. Eric will identify other Agency participants.

cheers
valerie
